Discussion Questions

1. The word **community** is defined as either a group of people living in the same place or a group of people sharing common interests, actively participating in one another's lives. Which definition best suits the community featured in *Around Our Way on Neighbor's Day*? Do the people pictured in this book simply live near one another, or do they share common interests and joy with one another? Explain your answer.
2. The word **diverse** means something is made up of different characteristics. A diverse community is made up of different types of people who do different types of things. Is the neighborhood featured in this story a diverse community? Are the people different than one another? In what way or ways? What about the foods that they eat? The ways that they dress? The games that they play? Is your community diverse?
3. The word **vibrant** defines something as being lively – full of energy, rhythm, and action. Do you think that the community featured in *Around Our Way on Neighbor's Day* is vibrant? Do you think the scenes illustrated in the book are active, full of energy, and lots of fun? Or are the scenes quiet, calm, and peaceful?
4. The word **helpful** means that someone is providing assistance to another person, that they are being useful. Are there examples of people being helpful in *Around Our Way on Neighbor's Day*? Can you find examples of helpful people? What are they doing? Why are they being helpful? Do you think being helpful is important to making a neighborhood a nice place to live? Are there some ways that you can be helpful?
5. A **friend** is someone who supports, helps, likes, and trusts another person. Can you find any examples of people acting like friends in this book? Who? What are they doing? Are they being helpful? Are they vibrant – full of energy, action and rhythm? Are they diverse – different kinds of people who enjoy doing different kinds of things? Do you think they are important to this community? Do the characters seem to share in the joy and happiness of each other's lives? How so?
6. In what ways is the community featured in this neighborhood like yours? In what ways is it different?
7. Describe your neighborhood and then go out and enjoy it!

Blue sky, no clouds. Summer heat, side street.

Monster Bubble Making

Supplies:

- Dawn dish detergent
- A small 3 ounce bottle of glycerin
- Plastic dish tub
- Water
- Two plastic drinking straws
- A long piece of yarn
- Bubble wands

Monster Bubble Wand Preparation:

- Cut a piece of yarn approximately 1 yard long.
- Thread yarn through both straws.
- Tie ends together.
- Monster Bubble Wand is complete.

Bubble Solution Preparation:

- Pour about $\frac{3}{4}$ cup of Dawn into plastic dish pan.
- Pour about $\frac{1}{2}$ bottle of glycerin into the tub.
- Slowly fill tub $\frac{3}{4}$ full with warm water.
- Slowly blend ingredients together by carefully swishing your hand in the mix.
- Bubble solution is complete.

Monster Bubble Making Procedure:

- Submerge your Monster Bubble Wand in the solution.
- Take one straw in hand and s-l-o-w-l-y lift wand from the tub.
- Note: The solution should look like a piece of plastic wrap stretched between the straws and strings.
- Hold the wand like a flag and sway it in front of your body or let the wind make the Monster Bubble for you!
