

### **A Peek at Christina Gonzalez' Office!:**

I carry my office wherever I go. I write on my laptop and try to squeeze in time to write whenever I can. It can be in the middle of my family room...

or in a corner of one of my favorite bookstores (Books & Books in Miami)

or even in a favorite coffeehouse (although this isn't the one I usually go to.)

I've even been known to carry my laptop out to a soccer field while my kids have practice --- but I never bring it out during a real game...those are just too exciting!
